

KEY PROMISES FOR HOSPITAL STAYS

MLK EXTRA #1b
October 2008—AM

Calling on the keys of wisdom and knowledge for the
doctors and nurses will help them to hear My counsel on
how to care for you.

When you activate the keys of heavenly surroundings, your friends and loved ones from Heaven will fill the spiritual atmosphere around you with peace.

Call on the keys of a heavenly home,
and the loving atmosphere you
feel when at home will enter your
hospital room.

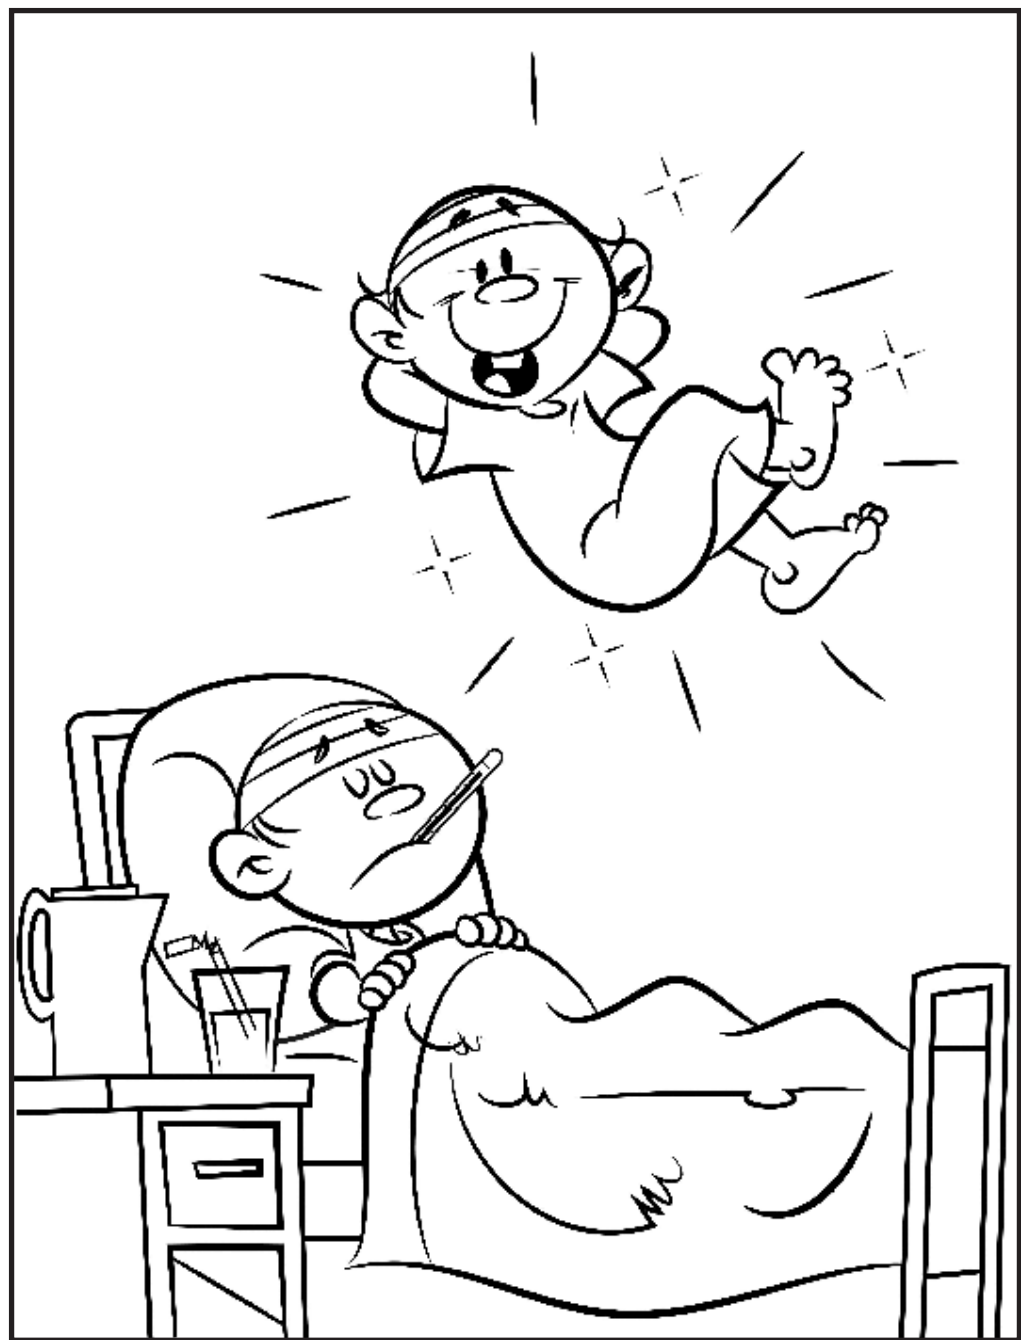

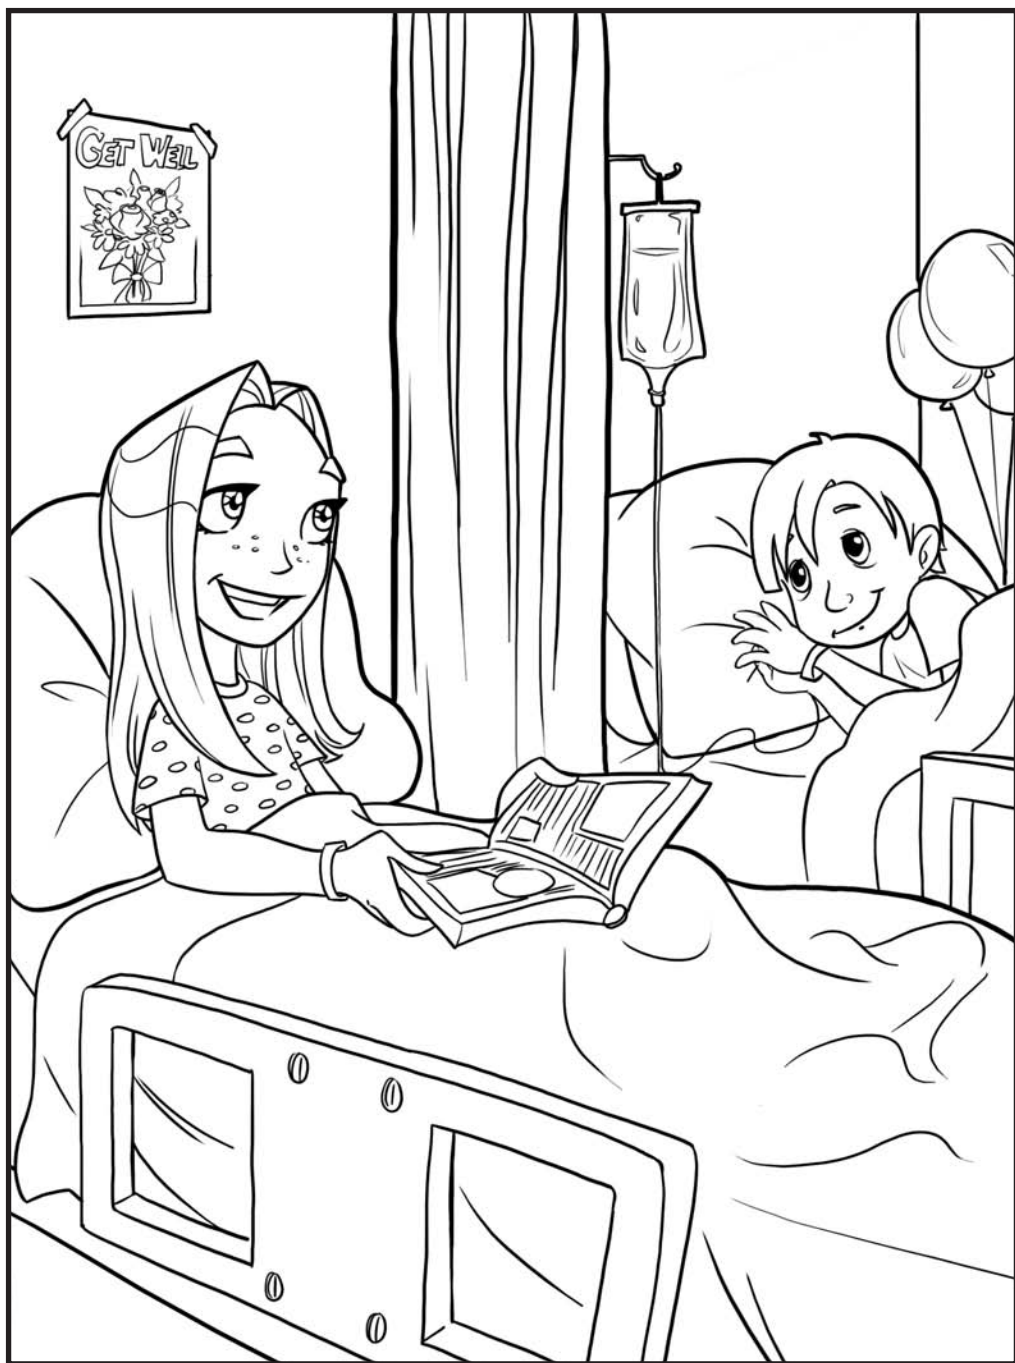

Take hold of the keys of "the joy of the Lord." You will then feel My love and happiness in your heart.

When it hurts, claim the keys of relief from pain, and the pain will be easier to bear.

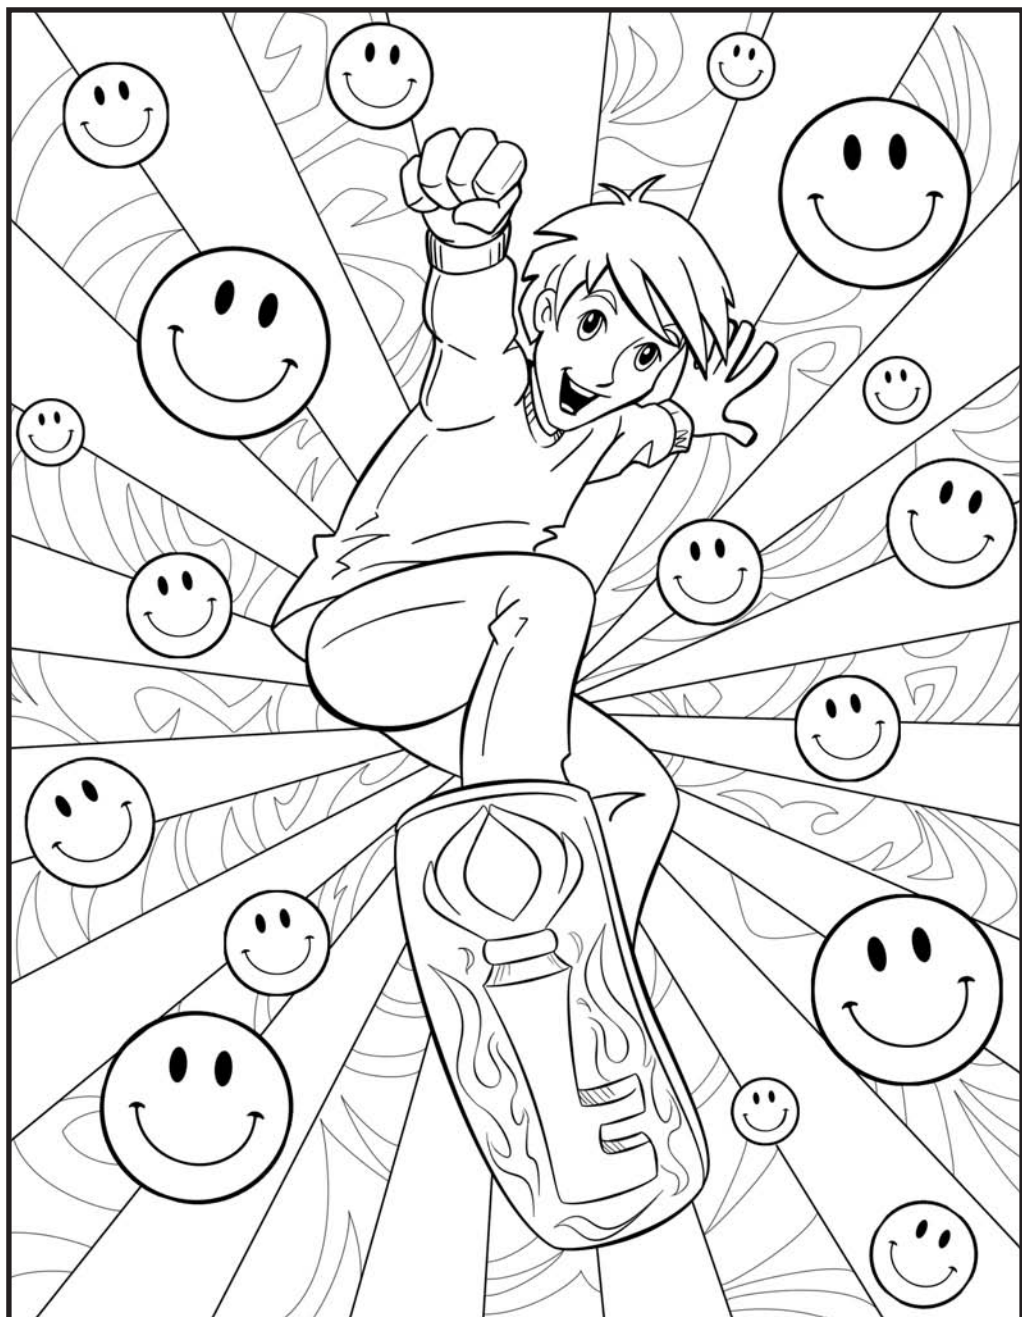

You will receive power to rise above the discomfort when you call on the keys of heavenly comfort.

The keys of love and the keys of witness will help My love
flow through you to all those you meet.

Calling on the keys of smiling will help you let My
love for others shine through your smiles.

Claim the keys of healing, and the healing elixir of Heaven will pour over you, bringing health and relief.

Sometimes I heal you right away, and other times I know that the type of healing your body needs will take time. Reach out to the keys of patience and faith to help you trust Me for healing, even if it takes a while.

Call on the keys of heavenly entertainment, and I will send you inspiration from Heaven.
