

Angels of Joy, Happiness, and Encouragement

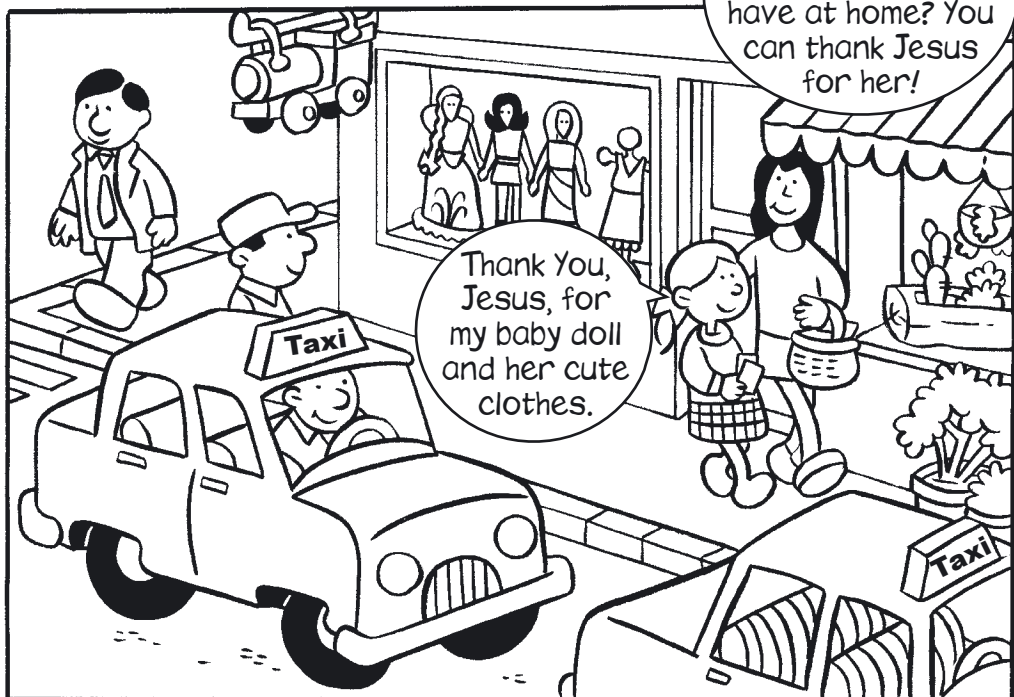

If you need extra encouragement or you are feeling sad, ask Me to send you one of My angels of joy, happiness, and encouragement. One of these angels will come right away to help you have a positive outlook and be happy.

These angels like to remind you to praise and thank Me for all the love I've shown you. Can you think of some special ways I show My love to you?

Sometimes the angel will remind you of the nice things you already have. When you praise Me for what I have given you, this helps you to be happy.

The angel I send might show you how to make someone else happy. When you give happiness to other people, happiness will find you! Remember that "Jesus, and Others, then You" spells JOY!

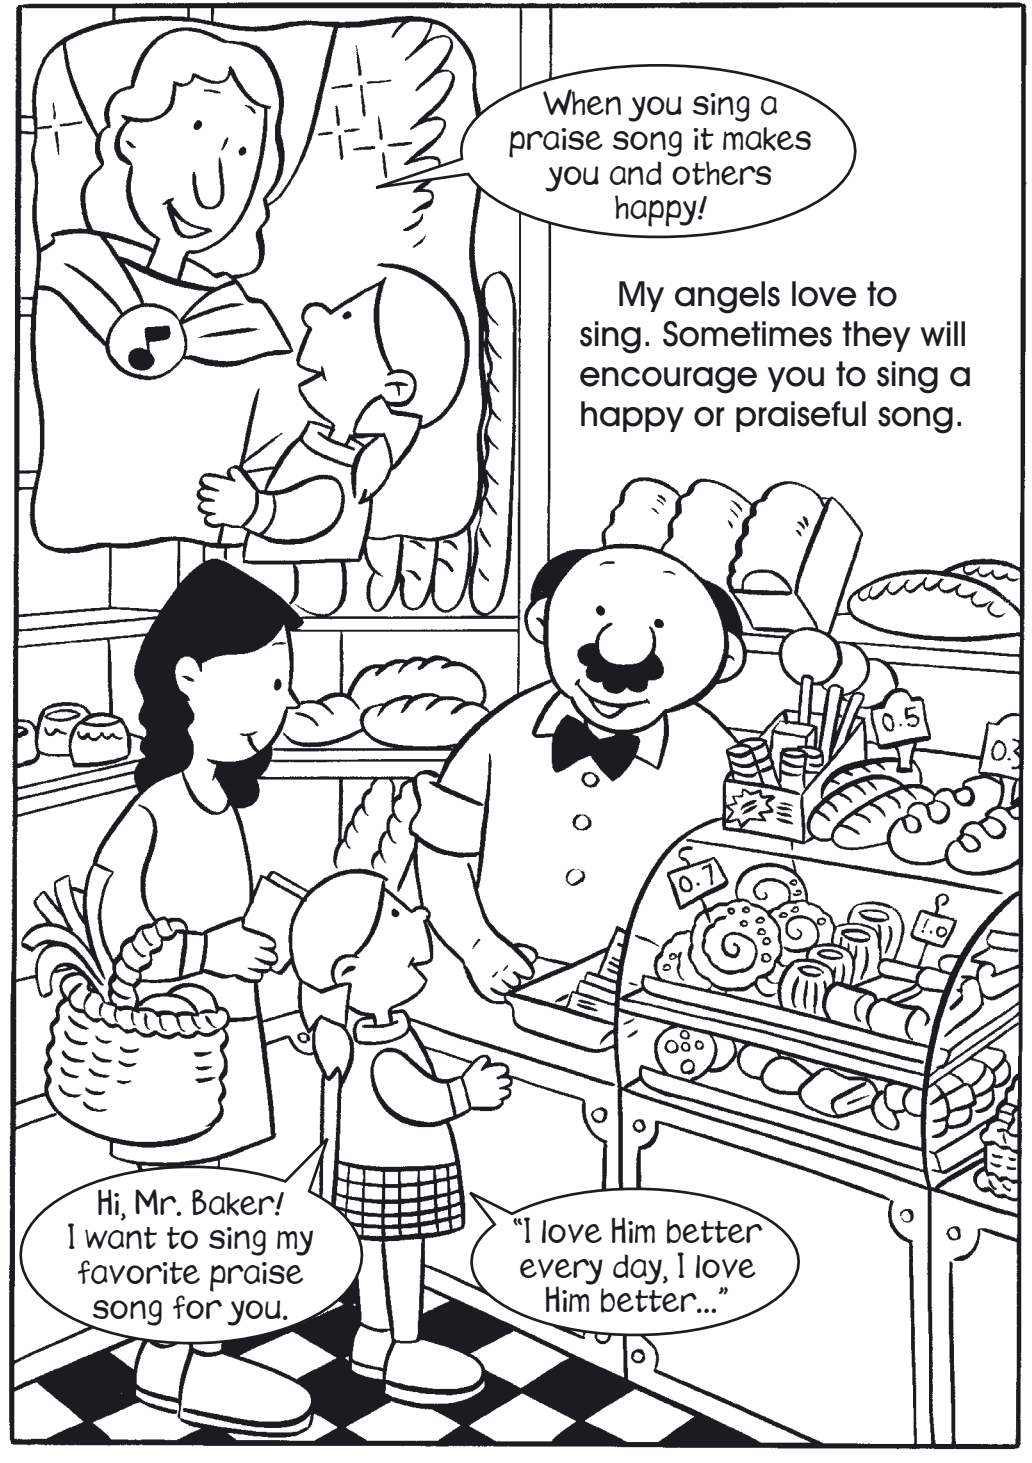

It helps you to be happy when you wear a happy face! So My angel might remind you to smile.

Thank You, Jesus, for helping me with my schoolwork today.

GROCERIES

Good morning, sir! Isn't it a lovely day?

Good morning! Indeed it is!

When you sing a
praise song it makes
you and others
happy!

My angels love to
sing. Sometimes they will
encourage you to sing a
happy or praiseful song.

Hi, Mr. Baker!
I want to sing my
favorite praise
song for you.

"I love Him better
every day, I love
Him better..."

You never need to stay sad. I have many angels of joy, happiness, and encouragement whom you can call on to bring you My joy.

Let one of My angels show you how to be happy!

NATURAL PASTRIES
